## Who we are

**Esmovia** is a Spanish company dedicated to the management of European mobility projects, especially under the Leonardo da Vinci and Erasmus programmes. We specialize in providing work placements, educational programmes and study visits to young people and adults.

**Esmovia** collaborates with over 600 private companies, public organizations and NGOs in the city of Valencia, some of them national and multinational corporations that host participants, letting them to improve their technical and linguistic skills.

Our aim is to provide the best quality service for the participants and the partners.

## Services

### ≈ Organisation of Work Placements

We provide Work Placements according to the trainees' CVs, their previous professional experience and their language skills.

### ≈ Organisation of Professional Visits and Seminars

We organise Professional Visits and Seminars for teachers, trainers and people employed in the training environment.

### ≈ Tutoring and Follow Up

We guarantee 24 hours personal and professional support, thanks to our specialised staff. We organise fortnightly monitoring meetings with participants so that a continuous control of the whole experience is carried out.

Both the Host Company tutor and the participant fill in initial and final evaluation questionnaires, analysing all aspects related to the programme.

### ≈ Spanish Language Course

Language courses are taught by native speaker teachers specialized in teaching Spanish as a foreign language. The teaching method is based on communication. Students actively exercise the four fundamental functions of the language: listening, speaking, reading and writing. Particular attention, however, is given to conversation, to develop in the student an increasing capacity to express himself and communicate in Spanish from the beginning of the course.

### ≈ Accomodation

Participants are usually accommodated in fully equipped and comfortable flats shared with other beneficiaries. Participants can be also accommodated in hotels and families (usually for short stay programmes).

*This was the most important experience of my life. I would like to stay here forever. Giulia - Italy*
