

# APPLYING CLIL (CONTENT AND LANGUAGE INTEGRATED LEARNING) METHODOLOGY

## Objectives

The aims of the course are:

- Provide the participants with tools and pieces of advice which could be useful in order to plan a CLIL (Content and Language Integrated Learning) lesson.
- Provide with general information about CLIL definition and applications.
- Improve how to manage a CLIL lesson: materials, time management, coordination with colleagues.
- Share and exchange previous experiences in CLIL learning/teaching contexts.
- Use social media, projects and collaborative tasks to improve the application CLIL-based curricula.
- Work through pupils' motivation and re-negotiation of curricula to pursue the double goal language and content.

## Target Group

This course is addressed to primary and secondary teachers who want to adopt and/or improve CLIL methodology in their lessons and also to teachers, school directors, school inspectors, school staff in general who want to work in a CLIL-based educational context.

## Language of course

This course will be provided in English. It is requested to all participants to have a level of English enough to understand the trainer and to interact and participate actively in the course.

The course can also be provided in Italian, French and Spanish.

## Methodology

The course is based on an active and participative learning/teaching approach with theoretical exposition of the contents along with practical tools that allow the integration and dynamization of all of the work group.

Participants are, since the beginning, encouraged to interact with each other during the classes and through a specific blog which will be specifically created for the course.

Slides and documents presented during the lessons will be uploaded on the same blog.
